Summary of Significant Accounting Policies**

September 30, 2016

**Management's
Responsibility for the
Financial Statements**

The financial statements of the Board are the responsibility of management. They have been prepared in accordance with Canadian generally accepted accounting principles established by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants. The Local Services Board of Pellatt, Pelican, Umbach, Gidley (the "Board") is a local services board in the Province of Ontario and operates under the provisions of the Northern Services Boards Act. The Board provides fire services.

Revenue Recognition

Fire protection levies are recognized as revenue in the year they are levied.

Conditional grant revenue is recognized to the extent the conditions imposed on it have been fulfilled. Unconditional grant revenue is recognized when monies are receivable.

Use of Estimates

The preparation of financial statements in accordance with Canadian public sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.
