

**To Chief Barry Bennett
and the wonderful Fire Team at PUFF....**

The Clancy family will be eternally grateful
for your quick response
and the expertise demonstrated
in extinguishing our house fire
in the dark, early hours
of Tuesday morning, December 19th, 2006...

It means a very great deal to us
that the house our father, Vin Clancy, built
still stands...

Miraculously, all the contents,
the treasures of seventy-two years of marriage
were saved...

This book and accompanying cheque
are a token of the family's gratitude...

A huge thank you
to all the members of the team...

Our sincere appreciation,

Ian & Gale, Colleen & Michael, Norel & Elysia
